samaritan® CPR Training Course

CPR and AED Certification

The samaritan® CPR training course provides instruction on CPR and on the use of automated external defibrillators (AEDs) using a HeartSine samaritan® PAD Trainer. After passing this instructor-led course, citizen-rescuers at work, home or in the community will receive certification for adult and child/infant CPR and AED use.

To offer this course, HeartSine has partnered with EMS Safety, a recognized leader in CPR training. The course, which is available to people of all ages, is nationally accredited and approved by numerous agencies and organizations throughout the United States. CPR/AED guidelines used to develop this course reflect the 2010 International Consensus on CPR and ECC Science and the International First Aid Science Advisory Board.

Topics

- Chain of Survival
- CPR Overview
